

# SAFE FIREARM STORAGE

Talk to a trusted health, behavioral health, or social service professional about safe firearm storage to protect you and your family.

Last Modified 5/2024

1

**Unload** - Remove all ammunition from the firearm, including chambered rounds.

2

**Lock** - Unloaded firearms should be secured with a locking device, such as a cable lock, or in a locked location, such as a safe.

3

**Separate** - Ammunition should be stored separately from the firearm in a secure location.

# Locked and Unloaded

## Clinton County Firearm Safety Resources

Please contact 911 if you are ever in a situation where you feel unsafe.
